This project is for hotel industry. It will be useful for hotel advertisement as well reservation.

In header, there will be company name along with logo on left corner and in the wight corner there will be tabs for **Specials, Reservations**, **Gallery**, **Contact Us** along with social media logo for **Facebook**, **Youtube**. When user click on Specials, it will provide a dropdown menu with some specials. When user click on Reservations, it will take them to Reservation form. When user click o Gallery, it will show pictures of room and other amenities. When user clicks on Contact Us, it will provide phone number, email and address along with google map

Body part will be divided into 2 parts, top part will display interchangeable images along with reservation tab in the bottom and bottom part will show 3 forms **About Us**, **Amenities**, **Activities** along with their details.

In the footer, there will be Quick Links for **Specials, Reservations**, **Gallery** on left corner and **Contact Us** in the right corner
